

WELCOME TO NESHAMINY VALLEY

Neshaminy Valley is a wholesale natural foods distributor founded in 1977. From our initial one page catalog we now offer over 4500 wholesome products including over 300 commodities in bulk and Neshaminy Valley custom pack, as well as an extensive, unique and diverse selection of organic foods and natural products. We continue to grow without sacrificing our original food product selection standards:

- * NO SUGAR
- * NO ARTIFICIAL INGREDIENTS
- * NO PRESERVATIVES
- * NO FRUCTOSE

We offer split case purchasing not only on a vast portion of our grocery items but also on numerous refrigerated and frozen products.

Neshaminy Valley's truck fleet services a wide array of customers including natural food stores, gourmet and specialty retailers, co-ops, restaurants, theme parks, deli's, hotels, theaters, universities and institutional accounts.

Neshaminy Valley is a Green Business as certified by The Co-op America Business Network, which is the largest association of socially responsible businesses in the world. Neshaminy Valley is committed to caring for the environment and we also have a large offering of recyclable and recycled products. Neshaminy Valley uses cellulose based materials in our Neshaminy Valley packaged line because cellulose will degrade in 1 to 3 years instead of the plastics most commonly used that may degrade in 100 to 300 years.

Neshaminy Valley recycles everything possible at our facility including white paper, plastic, corrugated cardboard, glass and aluminum. Neshaminy Valley uses recycled paper for our catalog, monthly sales flyers and all internal memos.

We are committed to promoting products that are grown, processed, manufactured and packaged in ways that minimize any negative impact on the environment. We are also committed to and supportive of the global organic movement and sustainable agricultural practices.

We appreciate your business and invite you to grow with us and to enjoy this wonderful food. It is our aim to provide unique, quality products and to offer you consistent, reliable, efficient and friendly service.

At Neshaminy Valley We Are Always Working For Your Business!

HOW TO USE NESHAMINY VALLEY'S CATALOG

This catalog is arranged alphabetically by manufacturer with the exception of bulk and packaged grains, beans, nuts, seeds, dried fruit, mixes, etc. which can be found under "commodities". Please use the manufacturer index to find vendor's products that you know. When you do not know the manufacturer of the product please consult the cross-reference index.

	1	2	3	5a	4	5	6	7	8	9
SAMPLE:	LUF 0021	LUNDBERG	RICE CAKES	PLAIN OG *	12/8 OZ	Y	U	1.57	18.75	2.34

- Product Code. Please include **alpha and numeric** portions.
- Manufacturer (vendor) name. Usually abbreviated.
- Product description. Due to space limitation a number of abbreviations are used. For the key to these abbreviations please see "Legend" at page 16.
- Case pack. The number before the slash indicates the case pack (i.e. the number of units per case). The number after the slash is the size of each unit.
- Case lot purchase. A "Y" in this column indicates that the item is available *only* in a full case lot. The absence of a "Y" means the case can be split to a *minimum* of 3 units, unless an * appears in the description (5a). An asterisk (*) means you can order 1 unit or more.
- Kosher status. Each letter refers to a specific certification, the supervising rabbi and the kosher symbol. Please consult the key to kosher symbols at the end of this section.
- Unit price. This is the wholesale cost of each unit.
- Case price. This is the wholesale cost of a full case lot.
- SRP. This is the suggested retail price per unit.

POLICIES and PROCEDURES
PLEASE READ THIS SECTION CAREFULLY

ORDER/DELIVERY INFORMATION

To place your order call the sales desk between 9:00AM and 4:00PM at (215) 443-5545, extension 1. When ordering give our customer service representative your account name, customer code number and expected delivery date. We will then want you to begin your ordering by giving us the alphanumeric product code number. Our customer service representative will then read back the product description and alert you to possible inventory shortages, if any, in order to allow you to order a substitute item if you so desire. After you hear the description please give the number of "cases" you wish to purchase. If you desire less than a case lot and splitting cases on that specific item is permitted, please give the number of units by saying "each", for example, 3 each. Please note split cases are not eligible for monthly specials pricing.

FAX

Our fax number is (215) 443-7087. You may fax your order 24 hours a day, 7 days a week. Please use the Neshaminy Valley **Fax Form** from inside the back cover [HINT: MAKE EXTRA COPIES]. **Your fax order MUST BE NEAT AND LEGIBLE.** Print the codes, product descriptions and quantities clearly and boldly (**black ink or #2 pencil only**). Please call and confirm our receipt of your fax shortly after sending it to us and we will call you back if we did not receive your fax. If you would like us to fax back to you a list of out of stock items that you ordered, please circle "Yes" next to "FAX TOS" on the fax form and include your fax number. We will not fax back to you unless you request it on your fax form.

EMAIL

Our email address is info@nvorganic.com. You can email your order or add-on to us using the same guidelines outlined above. We will reply to your email upon receipt, if you do not receive a response from us on the same day please call to verify receipt. **Emails not verified prior to 4:00PM may not be processed until the next order/delivery cycle. In order to keep you as up to date as possible, we also offer the monthly flyer and updated monthly catalog via email. If you would like to be added to the list please email us with your customer name, number and contact name for the email address.**

ADD-ON's

Add-on's by fax or phone will be accepted prior to **12:00 Noon sharp** the day before truck departure or pick up. Sorry **NO Gallon water add-ons.** For convenience you can leave your add-on's on our voicemail at extension 63, 24 hours a day.

NO DELETIONS OR CANCELLATIONS

Please order carefully. **Once your order has been placed we are unable to delete any items off of the order.** Once your order has been placed we are also unable to cancel your order. You may reschedule and be subject to a holding and storage charge, but **orders that are refused or canceled will be charged a 10% restocking fee.**

SPLIT CASES

Neshaminy Valley offers split case purchasing on most of the items we sell. As such we have indicated **the items that must be purchased in full case lots by a "Y"** after the item description. **When splitting a case we require that you order at least 3 units except for those items which have an * in the description field. The asterisk indicates that you may purchase as little as one (1) unit/piece of that item.** If more than 20% (by line items) of your order is in split cases a 7 cent per unit surcharge will be applied only to those split case items. **SPLIT CASES ARE NOT ELIGIBLE FOR MONTHLY SPECIAL PRICING.**

PRICES

Prices are for wholesale only and are subject to change without notice. Please check with your order taker for current prices.

MONTHLY SPECIALS

Each month products (**case lot purchases only**) are available at special prices as published in our monthly flyer, provided your order reaches minimum. **Monthly specials pricing is applied to orders that are dated to leave our warehouse on the first day of each month and end the last day of each month. Sorry, no rain checks on monthly specials.**

MINIMUM ORDERS FOR DELIVERY

Minimums for accounts located along a delivery route are listed in the schedule of deliveries on page VIII. Accounts located outside of regular delivery routes will be subject to a higher minimum. **Orders for accounts not reaching their minimum will be (A) subject to a delivery charge or (B) not processed. Orders that are under minimum will not receive monthly special sale prices.**

DELIVERY SCHEDULE AND ETA's (estimate time of arrival)

Please consult the delivery schedule for the order and delivery days for your area. For all deliveries and pickups orders must be placed by 4:00PM two business days prior to our truck's departure and add-ons must be placed by noon of the next day.

QUANTITY ORDERED	PRODUCT CODE	DESCRIPTION	CASE/PACK	CS	KOSHER CODE	UNIT COST	CASE COST	SRP
------------------	--------------	-------------	-----------	----	-------------	-----------	-----------	-----

ETA's provided are usually within a 3-4 hour period. They may be obtained by calling direct to our office, extension 60 or "0", on the day before our truck departs. (Please remember, all daily ETA's are subject to change, depending on volume and other factors). On multiple day runs, we may also have a change in your day of delivery, which we can advise you of when you call.

DELAYS

Due to many unforeseen problems, some runs may experience delays. Please call us at 5:00PM for updated information. After this time we will retrieve your message information in the morning and contact you. In the event of a serious breakdown or delay we will attempt to contact you as soon as possible.

RECEIVING DELIVERIES

Orders must be checked in and signed for. Delivery procedures are designed to minimize aggravation and losses for all of us. Only your driver will be able to make adjustments on frozen or refrigerated products delivered with your order. **Our driver will bring your frozen and refrigerated items in first. You will then need to check in and compare the frozen and refrigerated items to your invoice, while the driver completes unloading the rest of your order. Any differences, discrepancies or problems with your perishable items will need to be resolved with the driver during the delivery at the delivery site.** Please inspect carefully! No credit or returns on perishable products can occur once our driver leaves the delivery site unless you will be able to return the product in resellable condition with another order delivered within 2 weeks. Piece count totals (which are found in the upper right hand corner of your invoice) are dry goods only. We strongly recommend that you double check the drivers count, as your signature on the invoice indicates you are in agreement with the piece count. When you unpack your order please note that boxes marked with an "R" are boxes repackaged with split case items. TOS on your invoice means we are "TEMPORARILY OUT OF STOCK". MOS on your invoice means the MANUFACTURER OUT OF STOCKED Neshaminy Valley, so that we had no product to ship you.

TERMS OF PAYMENT AND FINANCE CHARGES

All orders are shipped C.O.D. As stated on our Invoices, a **finance charge of 1.5% will be added to all delinquent accounts. Returned checks incur a \$20.00 service charge. If one check is returned for any reason we will ship goods on a cash, certified check or money order basis only.**

PICK-UPS

Orders may be picked up between 9:00AM and 4:00PM Monday through Thursday. **NO pick-ups on Friday.** Pick up orders must be placed at least two business days prior to a pick up date, and add-on's by noon on the next day. You will be asked to choose one of the available times for your arrival at our warehouse. Please be prompt. **We are unable to make any changes to your order on the day you pick it up.**

MINIMUM ORDERS FOR PICK-UP

Minimum for pick-up is \$100.00 or a 5% surcharge will be added to the order. For orders under \$50.00 a 10% surcharge will be added. Pick-up orders not picked up on the appointed day will be charged \$5.00/day unless you call our office the day of your appointment to reschedule. Orders that are under the \$100.00 minimum will not receive monthly special sale prices. There is a 4% allowance on pick-up orders (\$100.00 minimum, C.O.D. only). The 4% discount does not apply to sale items.

RETURNS/CREDITS

Credits must be reported within two business days of receipt of merchandise, or we cannot guarantee that the credit will be honored. Upon approval a credit will be issued on your next invoice. Our office must authorize all returns. On fax orders where the item code and description don't match, we try to process the order by the product description. However, if we ship a product based on the product code provided, you are responsible for the misordered item(s). Misordered product(s) to be returned must be unpriced and in resellable condition. Customers must store items in proper environment until the merchandise return occurs (i.e. frozen, refrigerated, etc.). A 10% restocking fee will be charged on misordered goods.

REPORTING CREDITS To report a credit you may do one of the following:

1. Leave a detailed message, at extension 64, describing the nature of the credit on our voicemail. **Please include the following information: customer code, your name, telephone number, invoice number, item(s) code(s), quantity, and a brief description of what occurred, the reason for the credit. ALL CREDITS WILL BE REFLECTED ON YOUR NEXT INVOICE..**
2. Fax your credit information to (215) 443-7087. Use the form provided for you in the back of the catalog.
3. Leave a message at extension 64 requesting us to call you back.

UPS/COMMON CARRIER

We ship anywhere in the continental USA by either UPS or common carrier for orders of at least \$100.00 plus shipping. Orders will be sent C.O.D./F.O.B. Neshaminy Valley unless other advance payment arrangements are made. **All orders over \$200.00 will receive a 4% discount off of items not already on promotion.** Please allow 2 weeks for processing and shipping. Any damage claims must be filed directly with the carrier that delivered your order.

HOLIDAYS

Your regularly scheduled order/delivery day may be altered due to Holidays. **We will notify you of an upcoming Holiday schedule in our monthly flyer.** Neshaminy Valley will be closed when the following holidays fall on a weekday: New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

ADDITIONAL CATALOGS

Additional catalogs may be purchased for \$5.00 each (5 or more catalogs are \$3.00 each).

ALASKA SMOKED WILD COHO SALMON

This absolutely delicious smoked boneless coho salmon is caught by a Husband and Wife team on their single fishing boat; by hook and line, out on the ocean in Juneau Alaska, caught one fish at a time. Each fish is then cleaned and iced to ensure freshness and taste. Each fish is then filleted, smoked and comes ready to eat in a shelf stable pouch which requires no refrigeration until opened. Sustainably fished - unmatched taste.

AMY & BRIAN'S PURE COCONUT JUICES								
THIS WILL LIKELY BECOME A VERY POPULAR DRINK. MADE FROM THE LIQUID IN THE CENTER OF TENDER YOUNG COCONUTS.THIS IS THE ONLY INGREDIENT EXCEPT FOR LIME JUICE IN ABR0003. IN ADDITION TO TASTING GOOD AND BEING VERY DRINKABLE THIS POPULAR BEVERAGE FROM THE TROPICS IS HIGH IN ELECTROLYTES AND EVEN HAS MORE POTASSIUM THAN A BANANA. AS IT ABSORBS QUICKLY,THIS COCONUT JUICE COMBATS DEHYDRATION EFFECTIVELY.

BACH FLOWER REMEDIES

Bach Flower Essences were discovered by Dr. Edward Bach, Physician and Homeopath, over 70 years ago in England. Bach Flower Remedies are a system of natural stress relief prepared from English wildflowers and plants that were found to have a positive calming affect on emotional imbalances.

COMMODITIES OF NESHAMINY VALLEY								
We package daily in small quantities to insure freshness. We even pack some delicate items like dried fruit and nuts by hand. We use cellulose bags to package our 8oz. And 1-lb. Sizes. Unlike the other plastic bags more commonly used, these bags will degrade in 1-3 years. We hope you enjoy our vast selection of these basic foods.

Lundberg "Wehani" rice is a unique and colorful aromatic long grain brown rice grown by the Lundberg Family in Richvale, California. This russet-colored rice has its nutritious bran and germ layers intact. An aromatic rice, wehani is the result of a ten-year breeding program, started with an Indian basmati-type rice seed. Cooked, Wehani has the scent of hot buttered peanuts and turns an earthy honey-red color.

Only twice the size of the period at the end of a sentence, with 150 grains equal in weight to one single kernel of wheat. Whole-grain Teff can be cooked into a tasty breakfast porridge, with the darker grains giving a rich rustic flavor and the white more of a delicate creamy cereal. It can also be added to soups or stews, where it will burst open and provide body and flavor if cooked for at least thirty minutes; it is not well suited to pilafs and salads, as it will give more of a gritty texture than desired.

The low pressure,low heat,slow expeller pressing creates this mild tasting,all purpose cooking oil. A high smoke point of 440 degrees F makes it ideal for deep-frying. Eden says this oil contains beneficial phtosterols(plant esters),which have been shown to reduce total serum cholesterol and LDL (bad) colesterol without decreasing levels of HDL (good) cholesterol.
